Wealth:

This year your wealth luck is getting better. However, you are still advised to be prudent and take extra precaution when dealing with big ticket items. In addition, you are advised to be low-key in your big purchases as it may invite unnecessary attention from petty people.

If you are doing business and you plan to expand, this is the time to expand but be prepared to take on the extra stress. In addition, you need to be extra careful as there are potential petty people coming to sabotage. As such, do your homework properly before you proceed.

Relationship:

This year your relationship is not good. You may feel that your spouse is unreasonable in handling of matters. Your spouse is stressed with his/her day-to-day situation and you need to be patient and communicate more to eliminate misunderstanding. If this minor argument is not resolved, it can escalate to a major issue. You are being aggressive and unreasonable in your overall circumstances, so you need to seek understanding from your spouse.

For those who are not married, for male, your peach blossom luck is not good this year. If you are not attached, your chances of getting hitched are very low. If you are attached, please cherish your current girlfriend. For female, your peach blossom luck is good this year. You may find someone that you like this year but that person may be too busy to spend time with you.

Study:

Your study luck is bad this year. If you are a student, you need to put in a lot of effort. You need to come up with a good strategy for your study and revision.
